Wedding Photography Brochure
2022/2023

Your wedding day is about you.
Your relationship, your life together, your family and friends
and your memories.

There will be laughter and there will be happy tears,
I will capture every moment and every detail so you
remember this day forever!

Joss x

Hello

I'm Joss. Thank you for your enquiry.

I love to shoot with natural light, to create bright, fun & natural images of your wedding. Your day is so carefully thought out, every detail is important to you so I take great care making sure I capture everything from the big moments to the tiny intimate moments & all the details in between.

Please don't feel nervous about being in front of the camera. You will be feeling amazing on your day, about to marry your best friend, this is all that matters. Plus I have a few tricks up my sleeve to make sure we have fun capturing natural photos, so please don't worry.

If this sounds like what you are looking for then let's meet for a coffee. It's important to me that we feel like friends, so you feel comfortable on your wedding day.

"...you really made it such a
pleasure for us to
have our photos
taken...."

What To Expect

Making A Booking

To offer my couples the best possible service I only take a limited number of bookings each year, please check my availability as soon as possible.

After meeting up, if you choose to book me for your wedding I will send over my T&Cs for you to read & sign.

Then a £300 booking fee is required to secure your date with me.

Your final payment is due 6 weeks before the wedding when we have our pre-wedding consultation meeting to finalise your plans & timings for the day.

On Your Wedding Day

Photography Timings

I usually start photographing your day 2 hours before the ceremony time.

This gives me lots of time to capture some getting ready photos, some venue shots and your guests arriving too.

It also allows for travel if you aren't getting ready at your ceremony venue.

I then work to your timings and plans for the day & usually finish once the dance floor is full after I have captured your first dance!

But remember to plan your day to suit you, I can adapt our timings to accommodate your dream day!

Honeymoon Bliss

Newlyweds!

While you are enjoying the first few weeks of marital bliss I will be editing your photos with a smile on my face - I just can't help it! You will receive your private online gallery within 4-6 weeks of your wedding to shared with friends and family.

Depending on your package selection, your USB of images, prints & album will follow soon after.

Kind Words

"We just want to say thank you again, you were such a fantastic addition to our day, you really made it such a pleasure for us to have our photos taken and all our family and friends have since commented on how fantastic and lovely to be around you were. Throughout the entire process you have been such a pleasure, always checking in and being so supportive we couldn't imagine anyone else being our photographer and the pictures speak for themselves, we are delighted with them Joss!"

"Joss was a breath of fresh air on our big day. So laid back, friendly and professional. She even carried my train most of the day due to the rain. Not only was she an absolutely pleasure to have capturing our day, she was a great laugh too. From what images we have seen so far, her work is out of this world and we cannot wait to see the rest!

Thanks again, Joss.

Lots of love Mr & Mrs Richardson "

"I hate getting my photo taken and being centre of attention but you made me feel so at ease and we had such a laugh all day! You went above and beyond - when I was stood at the alter with my back to all my friends and family I was so nervous, you were the only person I could see for support, you winked at me and smiled and I instantly felt better.

You are an amazing photographer and a beautiful person! Thank You!"
